

Our award for the **committee volunteer** of the year goes to someone whose energy and leadership made quite a positive impact on the Outreach Committee! Her behind the scenes efforts ensured that BOMA Greater Charlotte had a year of flawlessly executed volunteer events. With her strong organizational skills, she created systems to ensure that all volunteer events included better documentation, photographs, efficient T-shirt accessibility, and detailed record keeping of volunteer hours from each event. Along with her co-chair and board liaison, she also created a survey that would provide feedback to guide our volunteer efforts in areas that members value most. Her infectious smile and encouraging attitude were an added bonus. Please join me in congratulating **Allison Etheredge Warren** with Mecklenburg Paint.
