

Our award for the **allied member** of the year goes to someone who has been a very active member and is engaged at most all of our events, which is setting the tone for other Allied members. As Allied Chair, his biggest focus has been on placing value on members investment and time with the organization. He has introduced a new event, called BOMA TAPS - that provides value for both Allied and new Principal members. This has also acted as a recruiting tool for those Principal members - which has been a big area of focus for the Board this year. All of these actions have strengthened the organizations brand and momentum as we move into 2019. Please join me in congratulating **Hunter Fleshood** with MSS.
